## Our Mission

Young Israel Shomrai Emunah Nursery is an Orthodox Jewish Nursery program that serves children from ages two to four. The curriculum is based on the belief that successful early childhood education must be developmentally appropriate, experience based, and accessible to all learning styles. The goal of the program is to provide every individual child with the nurturing care that promotes a lasting love for Torah, Tefillah, Shabbat, Chagim, art, literature, music, science, and drama. Through a variety of hands-on activities our children flourish as they explore the world around them. The outstanding teachers facilitate each child's cognitive, social, and physical development through play and fun-filled educational activities.

"At YISE Nursery my children learned to love being Jewish, love themselves, and love their community" - mother of five YISE nursery graduates
